CVC DIF

At CVC DIF, we enhance the future for people and the places where they live and work by investing in essential infrastructure. CVC DIF is a leading global infrastructure fund manager (top-5 Europe, top-15 globally) headquartered in Schiphol, the Netherlands. CVC DIF currently has more than EUR 17 billion of assets under management across nine funds, which it manages on behalf of institutional investors from across the globe. These funds invest globally in high-quality infrastructure businesses, especially within energy transition, sustainable transportation, utilities and digitalisation. Our mission is to build high-quality infrastructure businesses that create sustainable long-term value for all.

As of 1 July 2024, DIF Capital Partners has become part of CVC Capital Partners, a leading global private markets manager and has been rebranded as CVC DIF.

Team profile

The CVC DIF team across 12 offices worldwide consists of more than 240 professionals working in a variety of disciplines. The Benelux Investment team based in Schiphol consists of 12 investment professionals and covers investments from deal sourcing, execution, portfolio management to exit in the Benelux and wider Europe. You will be working in a collaborative and down-to-earth team with a hands-on work ethic.

Role description

CVC DIF offers a unique learning opportunity for a talented, ambitious, and high-performing intern to join our Benelux Investment Team **for a minimum duration of 4 months**. This role provides hands-on experience in infrastructure private equity at every step of the investment cycle: from origination to the investment process, and from implementation to the execution of the value creation plan.

You will become a valued member of the Benelux Investment team and your responsibilities and tasks will include:

- Contribute to the team's origination efforts
 - Conduct market research and target screening
 - Review information memoranda, teasers, and other marketing materials
- Participate in investment processes
 - Become a critical member of the investment team and provide support, primarily, but not exclusively, through financial analysis
 - Evaluate and develop business cases
 - Prepare internal memos and approval documents
- Assist with value creation plans for portfolio companies
 - Monitor financial performance on an ongoing basis, such as through the review of monthly operating and financial results
 - Conduct market research and M&A target scouting

Interns will have the chance to work on DIF, CIF, and DCAF equity investment strategies across various industries in an international setting.

Profile

- **Education:** A first-class education, currently in the Master's phase at minimum
- **Experience:** Prior internship or work experience in investment banking, strategy consulting and/or financial advisory
- **Analytical skills:** Excellent analytical and abstract reasoning skills, with the ability to build and understand complex financial models and perform quantitative analyses
- **Technical skills:** Proficiency in Microsoft Office tools (Excel, Word, PowerPoint); initial experience in financial modeling
- **Language skills:** Fluency in English is mandatory
- **Communication skills:** Outstanding communication and presentation skills, with the ability to build strong relationships

What we offer

- Hands-on experience in a leading investment firm
- Ability to learn from experienced professionals in the field
- Opportunity to make a tangible impact on our strong investment track record
- A dynamic and collaborative work environment
- Internship compensation
